

## LUIS FERNANDO SOLANO COTO

Data Scientist & Machine Learning Engineer

Tibás, San José, Costa Rica | [luisfersolanocoto@gmail.com](mailto:luisfersolanocoto@gmail.com)

[github.com/LuisFS06](https://github.com/LuisFS06)

### SKILLS

Technical: Python | R | SQL | Machine Learning | Cloud (Vertex AI, BigQuery, Cloud Run, Azure) | Databricks | Tableau, Power BI |

Statistical Analysis | Salesforce CRM

Languages: Spanish (native), English (B2+)

Specialties: Statistics, Machine Learning, Deep Learning

### EXPERIENCE

BAC Latam - Data Scientist I | Aug. 2025 - Present

- Corporate Data & Analytics Division: customer segmentation and linkage, strengthening decision-making and personalization.

JOYSTICK, FIFCO - Jr. Data Scientist | Aug. 2023 - Aug. 2025

- ML models on Vertex AI, Cloud Run and BigQuery for customer data platforms managing 1M+ profiles across 8 countries.
- Insights and segmentation for Pilsen, Imperial, Heineken, Gatorade and Bavaria.
- Web app powered by an ML classifier that returned 850+ kg of seized seashells to their ecosystem.

### EDUCATION

Instituto Tecnológico de Costa Rica (TEC) | 2026 - 2028 (exp.)

M.Sc. in Computer Science

University of Costa Rica | 2021 - 2025

B.Sc. in Statistics

### RESEARCH

Back Home: A Computer Vision Solution to Seashell Identification for Ecological Restoration - ICCV 2025 (CV4E Workshop)

arXiv:2501.04873 - BackHome19K corpus (19,058 images, 516 species); 86.3% balanced accuracy; 70,000+ images processed.
